

Dr. Hisatsune Watanabe

President and CEO

Semiconductor Leading Edge Technologies, Inc. (Selete)

2007-Pr.	Project Leader, CREST
2006-Pr.	Project Leader, MIRAI
2005-Pr.	President, Selete
2004-2005	President, NEC Patent Service Corporation
2001-2004	Associate Senior Vice President, NEC
1995-2001	Vice President, R&D Group, NEC
1991-1994	General Manager, Microelectronics Research Laboratories, NEC
1988-1991	General Manager, Fundamental Research Laboratories, NEC
1987-1988	Assistant General Manager, Consumer LSI Division, NEC
1983-1986	Manager, Semiconductor Research Laboratories, NEC
1971-1983	Researcher, Central Research Laboratories, NEC
1968-1971	Dept. Applied Physics, Nagoya University
1962-1968	Dept. Electrical Engineering, Waseda University

Specialties : Silicon and III-V semiconductor materials and devices,
Fundamental physics of quantum confinement structures
